

Vergina-Veria-Naoussa Tour

The archaeological site at Vergina testifies to the culture of the Macedonian kingdom. The site contains the ruins of the royal family's summer palace, where, in later years, Philip II was assassinated and buried. The discovery of his tomb in 1977 was hailed as one of the greatest archaeological finds of the century. The rich and impressive artefacts that were unearthed can be viewed there along with the tombs themselves and the amazing frescoes, rare samples of painting from antiquity.

After an hour's drive from Thessaloniki, by coach, we will visit Vergina, the museum of Vergina and the ancient royal tombs of Philip, the King of Macedonia and father of Alexander the Great.

Veria is our next stop, a picturesque town with a unique landscape and architecture. We will drive through the city, see St. Paul's Altar, take a rest and enjoy a coffee at a traditional café and walk for a while through the lovely streets of the city, full of old Byzantine churches and unique historical monuments.

We will then take the coach to Naoussa, for a visit to one of the most well known wineries in Greece. We will be offered a guided tour to the production facilities and cellars, attend a multi-media presentation on the history of wine-making in Naoussa and a wine tasting session. We will enjoy a rich lunch in the winery restaurant accompanied by special wines.

Price: 80 euros/person (includes guided tour, bus transfer, museum entrance, winery visit and multimedia show, three-course lunch with drinks)
